

Sign-in or create an account page

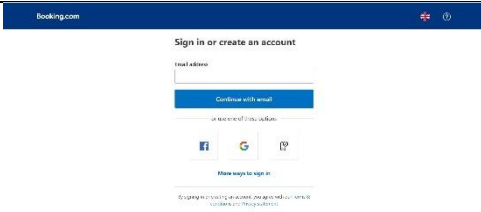

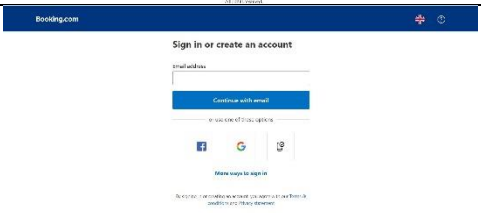

The following pages present Test cases for Sign-in or create an account page.

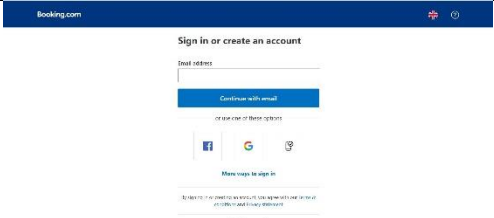

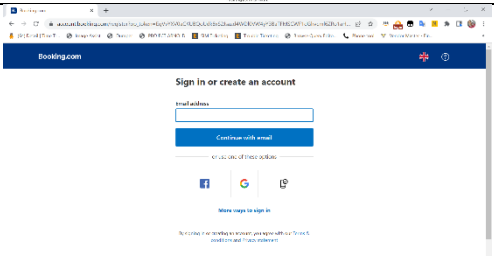

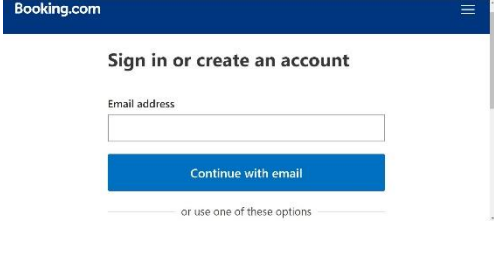

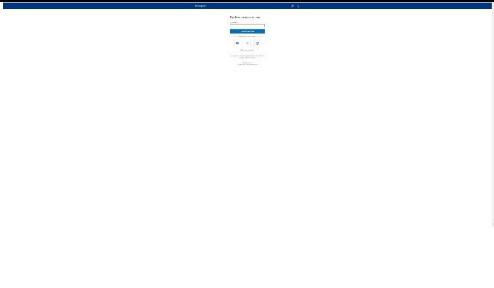

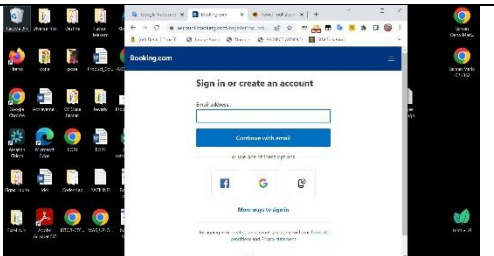

The screenshot shows the Booking.com sign-in or create an account page. At the top, there is a blue header with the Booking.com logo on the left and a red flag icon and a question mark icon on the right. Below the header, the title "Sign in or create an account" is centered. Underneath, there is a form with an "Email address" label and a text input field. Below the input field is a blue button labeled "Continue with email". Below this button, there is a horizontal line with the text "or use one of these options" centered. Below this line are three square buttons: the first has the Facebook logo, the second has the Google logo, and the third has a generic social media icon. Below these buttons is a link labeled "More ways to sign in". At the bottom of the form, there is a small text line: "By signing in or creating an account, you agree with our [Terms & conditions](#) and [Privacy statement](#)". At the very bottom of the page, there is a small text line: "All rights reserved."

Test cases for Sign-in or create an account page
